Strata Cookies and Local Storage

Version 2026-10-03-draft
Effective 2026-10-03
Provider Racelogic Limited (company no. 02743719)

In plain terms. Strata uses one cookie, to keep you signed in, and remembers a few display preferences in your browser. There are no analytics, advertising or tracking cookies, so there is no cookie banner.

1. The cookie we set

Name	What it does	How long
`strata_session`	Keeps you signed in to the dashboard. It holds a random token, is sent only to our sign-in endpoints, cannot be read by scripts (`HttpOnly`) and is not sent with requests from other sites (`SameSite=Lax`). It is sent only over HTTPS	30 days from your last visit, or until you sign out

This cookie is strictly necessary to provide the service you have asked for, so UK and EU law does not require your consent for it.

2. What we keep in your browser's local storage

The dashboard stores these preferences in your browser. They never leave your device and contain nothing that identifies you. Our public website at strata.stream sets no cookies and stores only `strata_theme`.

Key	What it remembers
`strata_theme`	Light or dark theme
`strata_graph_window`	The time window you chose for graphs
`strata_encoders_view`	Whether the encoder list is shown as cards or a table
`strata_encoder_details_open`	Whether the encoder details panel is open
`strata_return_to`	The page to return to after you sign in; deleted once used

We may add similar preferences as the dashboard grows; this page will list them.

3. What we do not use

1. No analytics, advertising, social-media or tracking cookies or similar technologies.
2. No third-party scripts or fonts loaded from other sites: the dashboard is served entirely from our own servers.
3. When you sign in with Google or connect a YouTube channel, you visit Google's own pages, where Google's cookie policy applies.

DRAFT — prepared without legal advice — must be reviewed by a qualified solicitor before use

4. Managing them

You can clear cookies and local storage in your browser's settings at any time. If you delete the `strata_session` cookie you will be signed out; clearing local storage resets your display preferences.

Questions: `privacy@strata.stream`. See also our Privacy Policy.
